

# Haven, Is This Bliss

I wanna keep myself in place  
some would say it makes no difference  
I need to learn to feel no shame  
I think of selfish thoughts again  
and now I need it, it makes no sense  
I helped it slide away  
am I too late, or in time  
am I too late, for your sweet smile  
I don't wanna put an end to this  
what I need is something you can give  
I need keep your thoughts away  
leave me with my heart again  
and now I need it, it makes no sense  
I made it slide away  
am I too late, or in time  
am I too late, for your sweet smile  
now I need it, it makes no sense  
I helped it slide away  
now I need it, it makes no sense  
I helped it slide away  
am I too late, or in time  
am I too late, for your smile  
am I too late, or in time  
am I too late, for your smile
