

Headie One, Back To Basics (feat. Skepta)

bring out the dots
get back to basics
if I get stopped
it's back to basic
bad b lost out my waps and laces
ting set good
no, she can't be basic

feds ask questions
I get evasive, that's "no comment"
up in the statin
gang can't sleep on the violation
swear, I'ma spend all my savings

switch off my iphone
back to basics, no we
ain;t watching faces
violate us, man are catching cases
I was on the high road
armed and dangerous

stepping in some
run away trainers
no introduction needed
peng ting already know
what my name is, and this
year its's only money I'm chasing

don't make me spend all my savings
do it foe the caise
go play the field
gang fluent with the ball
life is tough when you ain;t whit the law

7 jails, no
you ain't been on tour
you ain't ever been on license
feds still tryna put the broom
through your door

yo go there
do it with the Rambo
do it with a 4s
should just come back and
do it in a wave
or do it with
I just stopped with this 9
and shine wnd I ain't even do it with my toes
I can bruck this grub into
pebbles or do it on the low
