

# Heartless Bastards, I Swallowed A Dragonfly

oh I want to go  
to a place we've never been  
be down for a while  
while coming up to the surface

I swallowed a dragonfly  
in the hopes that it would help me fly  
and it did for just one day  
and that day I saw everything

and I keep on moving forward  
even when I'm down  
and I keep on moving forward  
all the time

and I keep on moving forward  
all the time  
and I keep on moving forward  
even when I'm down

and I don't know  
don't know what it is  
that keeps me down
