

Hearts Under Fire, Insult To Injury

I can't bleed this again; I can't welcome you home.
& your memories still keep me up in bed.
I won't do this again, but then you should have known.
So I'll keep my mouth closed & lie awake instead.
I fail again, & I can't break away.
& I try, I try, I try not to need you.
I wait again, like I do everyday, just wishing I could see you.

This love is a habit; I can't live without it,
You break me in two.
& this is not how I remembered you.

I won't do this again; I can't fight for your heart.
It's a war that I am losing all the time.
Can't bleed this again, 'cos it tears me apart
& I've lost the will to try.

This love is a habit; I can't live without it,
You break me in two.
& this is not how I remembered you.

Break me down again & I don't want to be alone tonight.

This love is a habit; I can't live without it,
You break me in two.
& this is not how I remembered you.
