If you like to make a call please hang up and try try try again  
If you like to make a call please hang up and try again  
We used to drive all night  
We'd get high all the time  
She used to call me all the time  
Now she don't  
She used to call me all the time  
We'd go out all the time  
You little angel, you look so fine  
Why the fuck you fucking with me?  
Why the fuck you playing with me?  
Why the fuck you wasting my time?  
Why the fuck you hiding my sunshine?  
With friends like you who really needs it  
Your smiling face is misplaced, you're so deceiving  
I can feel my spirit leaving  
I cut my wrists you see them bleeding  
Just like a parasite you creeping  
See me psychotic, see me jumping of the deep end  
We used to drive all night  
We'd get hi all the time  
She used to call me all the time  
Now she don't  
She used to call me all the time  
We'd go out all the time  
But that's over and its done, and its all right, oh yeah  
Ha yeah  
Why won't you just leave me alone?  
Why won't you take your funky ass on home?  
You got nothing to say that I want to hear  
I see through you baby you perfectly clear  
With friends like you who really needs it  
Your smiling face is misplaced, you're so deceiving  
I can feel my spirit leaving  
I cut my wrists you feel them bleeding  
Just like a parasite you creeping  
Suffer like the fucking crucifixion  
Cover me with dirt, there won't be no resurrection  
See me psychotic, see me jumping off the deep end  
We used to drive all night  
We'd get high all the time  
She used to call me all the time  
Now she don't  
She used to call me all the time  
We'd go out all the time  
You little angel, you look so fine  
If I told you how I felt, you would throw it back at me  
Your wicked mouth would laugh at me  
I hear you laughing at me  
Your eyes could never lie to me  
Words are all lies to me, it's all lies to me  
With friends like you who really needs it  
Your smiling face is misplaced, youre so deceiving  
I can feel my spirit leaving  
You cut my wrists, you feel them bleeding  
Just like a parasite you creeping  
Baby got me psychotic, got me jumping of the deep end  
If you want to make a call please hang up, hang up  
Please hang up, hang up, please hang up, hang up  
Please hang up, hang up, please hang up, hang up  
Please hang up, hang up, please hang up, if you  
If you want to make a call please hang up, hang up
