

Heideroosjes, Lovesong

Man, I hate those three words 'cause they sound so
f**kin' empty
I hardly ever say them myself but you said them
plenty
It's not cool for a punk to say 'I love you' but I do

The lovesong that I'm not allowed to write
because cool rockers only f**k'n, drink'n, fight

Oh my dear you know that you can break my f**kin'
heart
You can make this touch guy beg and cry and fall
apart
It's not cool for a punk to say 'I love you' but I do
