

Hellogoodbye, I Just Think That She's The Best

Singing songs for Lindsay Pai,
To tell her how she caught my eye.
To let her know how it's been so long;
Since first impressions have seemed so strong.
I don't know what to say or do, every feeling feels so new.
I DONT KNOW that I've got a chance,
To get this girl to come and dance?

Probably thinks that I'm obsessed,
But I just think that she's the best.
She probably thinks that I'm just lonely,
But I've got good friends and she's the only,
One who's made me feel this way.
When she's around I lose my brain.
The only thing that clouds the sun,
Is that she's already got someone...

So what do I do now?
I've got to figure her out...

This means more than I ever-ever thought it might.
I'm setting out to sea tonight.
Forever and ever seems so bright,
But I'm setting off for her tonight.
Never-never thought it might.
I'm setting out to sea tonight
Forever and ever seems so bright.
But I'm setting off for her tonight.

Writing lyrics in the park.
Go to her house after dark.
Tap on the window,
Hope and pray,
That she'll like all the gifts I made.
All we ever are is friends,
We both hope that it never ends.
And she can go on with the guy shes got,
I promise that I'll stay in my spot.

This means more than I ever-ever thought it might.
I'm setting off to sea tonight.
Forever and ever seems so bright,
I'm setting off for her tonight.
Never-never thought it might.
I'm setting off to sea tonight
Forever and ever seems so bright.
But I'm setting off for her tonight.

Never-never thought it might.
I'm setting off to sea tonight
Forever and ever seems so bright.
But I'm setting off for her tonight.

Never-never thought it might.
I'm setting out to sea tonight
Forever and ever seems so bright.
But I'm setting off for her tonight.

Never-never thought it might.
I'm setting off to sea tonight
Forever and ever seems so bright.
But I'm setting off for her tonight.

Never-never thought it might.

I'm setting out to sea tonight
Forever and ever seems so bright.
But I'm setting off for her tonight.
