

# Halloween, Hell Was Made In Heaven

There was a time eating your mind  
Eating your heart and your soul  
Down to the bone always alone  
Nobody waiting at home

Now allow that we unite our fires  
Shout it out  
Give yourself to me  
Yeah, yeah, yeah

Hell was made in heaven  
I was made for you  
Hell was made in heaven  
Made for loving you in sin

Ten years ago you made the vow  
Promised your life and your love  
Before you have paid, nothing returned  
What is enough is enough

Now allow that we unite our fires  
Shout it out  
Give yourself to me  
Yeah, yeah, yeah

Hell was made in heaven  
I was made for you  
Hell was made in heaven  
Made for loving you in sin

Now allow that we unite our fires  
Shout it out  
Give yourself to me  
Yeah, yeah, yeah

Hell was made in heaven  
I was made for you  
Hell was made in heaven  
Made for loving you in sin, in sin  
In sin, in sin
