Helloween, Hell Was Made In Heaven

There was a time eating your mind Eating your heart and your soul Down to the bone always alone Nobody waiting at home

Now allow that we unite our fires Shout it out Give yourself to me Yeah, yeah, yeah

Hell was made in heaven I was made for you Hell was made in heaven Made for loving you in sin

Ten years ago you made the vow Promised your life and your love Before you have paid, nothing returned What is enough is enough

Now allow that we unite our fires Shout it out Give yourself to me Yeah, yeah, yeah

Hell was made in heaven I was made for you Hell was made in heaven Made for loving you in sin

Now allow that we unite our fires Shout it out Give yourself to me Yeah, yeah, yeah

Hell was made in heaven I was made for you Hell was made in heaven Made for loving you in sin, in sin In sin, in sin
