

# Helmet, Smart

Hey, it's late  
I can barely see straight  
You're barely standing out  
You talk, you feel  
You wanted something that's real  
I am pretending now

I know that you're smart  
You mentioned it before  
You can read and write  
I bet baby, you perform

Aim low  
You just met me I know  
But I feel something right now  
So aim low  
Just let yourself go  
All I need is tonight yeah

Tonight could be kept between  
You and me  
I don't need to know your name  
You aim is off  
Just boys in here and they're soft  
I'll give you something to tame

I know that you're smart  
You mentioned it before  
You can read and write  
I bet baby, you perform

Aim low  
You just met me I know  
But I feel something right now  
So aim low  
Just let yourself go  
All I need is tonight yeah
