

# Helmet, Swallowing Everything

Hanging out with all these dicks  
Still collecting tokens  
Knock 'em back, you're making noises  
You live in the moment  
Wonder you're not morning sick  
Making conversation  
This dull arithmetic, all these stock exchanges

Swallowing everything  
Sinker, hook and line  
Paralyzed, anesthetized  
Wasted one more time

Swabbing now in duplicate  
So mystique consultants  
They all figured unequipped, cannot be insulted

Swallowing everything  
Sinker, hook and line  
Paralyzed, anesthetized  
Wasted one more time
