

Hey, Don't Walk Away

I've been waiting
I've been searching
for a beautiful one like you

I've been crying
in the darkness
like the bottom of the ocean

Please don't walk away
till I'm melted by a dream

Don't think I'm insane
I just want to be... loved

I've been waiting
I've been searching
for a beautiful one like you

I've been crying
in the darkness
like the bottom of the ocean

Please don't walk away
till I'm melted by a dream

Don't think I'm insane
I just want to be... loved -
