

# Hey, Fate (MTV Unplugged)

Your creeping body  
Lies on the carpet now  
Head's full of wine  
Trembling hands  
And these empty eyes  
It is not the first time  
When You took that way  
But it doesn't matter  
You don't have to change yourself  
'Cause there is no one else for me  
Nobody else can see me
