

Hey, Heledore Babe

Josie's laughing
Seeing mother in the grave
Josie's screaming
Cause daddy holds her during storms

Heledore babe
There are snakes
In her burning brain
Heledore babe
It runs with blood in her veins

Josie can see
Things no one else can see
Josie's dying
Since she saw Bob Cooper's face

Heledore babe
There are snakes
In her burning brain
Heledore babe
It runs with blood in her veins

Heledore babe
There are snakes
In her burning brain
Heledore babe
It runs with blood in her veins
