

# Hi Resolution, Consequences

[VERSE]

Everything I can remember,  
As fucked up as it i seem,  
All Consequences that I render,  
Stretched beyond my own means.

[CHORUS]

(I want you)  
I still fuck things up like i always do.  
(I love you)  
But all this shit disappears when I'm around you.

[VERSE]

And everything I remember,  
As fucked as i may feel deep in my head,  
All Consequences that I can render,  
Wind up with me mentally dead.

[CHORUS]

(I love you)  
I still fuck things up like i always do.  
(I need you)  
But all this shit just seems to disappear whenever I find myself with you.
