

# High Contrast, Wish You Were Here

I hope you can still hear me,  
Though you're far away,  
I wish you were here beside me,  
What more can i say.

So listen every evening,  
And i will sing a song for you,  
I pretend you here beside me,  
What more can i do.

Something come between us,  
But i dont wanna know,  
The feeling here between us,  
Can all we ever know.

So listen every evening,  
And i will sing a song for you,  
I pretend you here beside me,  
What more can i do.

So listen every...  
Caaan i do...  
Beside me...  
Caaan i do...  
So listen every...  
Caaan i do...  
Beside me...  
Caaan i do...

I hope you can still hear me,  
Though you're far away,  
I wish you were here beside me,  
What more can i say.

So listen every evening,  
And i will sing a song for you,  
I pretend you here beside me,  
What more can i do.

Something come between us,  
But i dont wanna know,  
The feeling here between us,  
Can all we ever know.

So listen every evening,  
And i will sing a song for you,

Caaan i do...
