

# Highasakite, Since Last Wednesday

He would never do grafitti or vandalize that house  
And he would never gone spray painting on those peoples walls  
No!

No one has seen or heard from him since last Wednesday  
No one has seen or heard from him since last Wednesday

He would never buy a weapon and bring it to our home  
And he would never be foolish and lie about that now  
No!

But no one has seen or heard from him since last Wednesday  
No one has seen or heard from him since last Wednesday

No one has seen or heard from him since last Wednesday  
No one has seen or heard from him since last Wednesday  
Hold me forward is one option but not the only one  
But no one has seen or heard from him since last Wednesday  
No one has seen or heard from him since last Wednesday  
No one has seen or heard from him since last Wednesday  
Call me forward is one option but not the only one  
No one has seen or heard from him since last Wednesday
