

# Holly Valance, Action

I'm not so young anymore  
And I'm not so dumb anymore  
If you've seen what I've seen  
Then you'd understand what I mean

So don't say you're gonna call me if you're not  
And don't say you're gonna love me a lot  
And don't tell me that you think I'm really hot  
If you want me for your girlfriend

Action speaks louder than words  
Let's see what you can do  
See if you are coming through  
Before I'm giving in to attraction  
I gotta check out the action

I wonder if you're equipped  
And if you can't deliver the time  
Then I'm gonna make you mine

Babe I won't complain if you're a little rough  
But I will if you are not man enough  
Gonna find out tonight if you're just a bluff  
(If you want me for your girlfriend)

Action speaks louder than words  
Let's see what you can do  
See if you are coming through  
Before I'm giving in to attraction  
I gotta check out the action
