

Hoobastank, Now Or Never

You think that you're all knowing
You've got it figured out
But what you didn't figure
Is enough to bring you down
You say you'll do it later
Cause you've got lots of time
But all your time is leaving
Because you don't live forever
Do it now or never
You don't live forever
Do it now or never
They gave you good direction
They gave you good advice
They gave you all the tools you need
To take control of life
But you took it for granted
Cause you had other plans
So now you want another
Because you don't live forever
Do it now or never
You don't live forever
Do it now or never
And now you act as though you've been mistaken
But you're the only one who need to blame
Make this your game
You think that you're all knowing
You've got it figured out
What you didn't figure
Is enough to bring you down
You say you'll do it later
You've got lots of time
But all your time is leaving
Because you don't live forever
Do it now or never
You don't live forever
Do it now or never
Do it now or never
Do it now or never
