

# Hoobastank, Open Your Eyes

You want what you deserve  
but it's right in front of you  
You want something better  
than any other  
You don't even bother  
to figure what it is  
that you think you deserve  
You'll find it all one day  
but not this way.  
Open your eyes,  
your heart will follow  
Open your eyes,  
see what you've been missing  
Open your eyes,  
and find the answer  
I can't take anymore,  
have you ever asked yourself,  
what am I looking for?  
You're indecisive  
You are just another caught up in all of this  
plastic glamerous world  
You'll never see  
who you could be  
Open your eyes,  
you're heart will follow  
Open your eyes,  
see what you've been missing  
Open your eyes,  
and find the answer  
Your world is waiting, anticipating,  
your time is fading,  
if you never open your eyes  
If only you could see,  
that there is something you can do,  
to make this better  
Open your eyes,  
your heart will follow  
Open your eyes,  
see what you've been missing  
Open your eyes,  
and find the answer  
You're world is waiting, anticipating,  
but your time is fading,  
if you never open your eyes
