

Hooverphonic, Circles

Move on
You'd better move on
You're walking
In circles

Move on
You'd better move on
You're walking
In tiny circles

But now
It is too late
There's way too much preassure
We both lost that little faith

So move on
You'd better move on
You're walking
In tiny circles

Move on
You'd better move on
You're walking
In tiny circles

But now
It is too late
There's way too much preassure
We both lost that little faith
So move on

But now
It is too late
There's way too much preassure
We both lost that little faith
So move on

Move on
You'd better move on
You're walking
In tiny circles

So move on
You'd better move on
You're walking
In tiny circles

So move on
