

# Hopewell, Hello Radio

On the edge of the white ocean  
Tinged with blue  
A foot sticks out of the sea

HELLO RADIO  
HELLO TV SCREEN

What the world needs now  
Is not another lover  
It's in between

She carried the piano up the stairs  
Key by key  
It's the sound  
Of sand  
Creeping up to me

HELLO RADIO  
HELLO TV SCREEN

Lord make me  
A channel  
I'm in between

HELLO RADIO  
HELLO TV SCREEN

The rocks and stones themselves  
They start to sing  
They're in between
