

# Horrorpops, What's Under My Bed

It's every night, the same routine  
Feels like something is creeping up on me

What's that lurking behind that door  
Aarrghh!

Monsters chasing after me  
I get no sleep  
I'm running but no matter what  
It gets me no where  
Something is under my bed  
Snapping at my leg

I'm frozen

I'm not freaked out, it creeps and crawls  
I can not, I can not sleep with out a light
