

Hot Chip, Need You Now

I Need You Now
Need You Now
Say it loud!
I Need You Now
I Need You Now
Need You Now
Say it loud!
I Need You Now

Trying be myself
Caught up in this world
And never dream I could do all
To estate the ... right from wrong
Never dream I would belong to your place

I Need You Now
Need You Now
Say it loud!
I Need You Now
I Need You Now
Need You Now
Say it loud!
I Need You Now

Teared up in disgrace
How can we keep men alone
Waiting for a faith
Striped all our hearts
Never dream we would belong
Better world
The world's just gone wrong

I Need You Now
Need You Now
Say it loud!
I Need You Now
I Need You Now
Need You Now
Say it loud!
I Need You Now
