

Hot Chip, Night And Day

The way I feel about you baby,
In the middle of the night
There's just one thing that I can do
To make me feel alright

The way I feel about you darling
In the middle of the day
There's just one thing that we can do
To push the pain away

Let's sway, let's sway
Let's sway, let's sway
Night, day, night, day
Night, day, night, day
You got me working night and day
Night, day, night, day
Night and day and night and day

If I can feed this hype you're making
It would make the world alright
The walls that form around ourselves,
Will celebrate our lives
If I could be inside you darling
And the center of your life
I'd write the wall upon the page
We're living under skies

Let's sway, let's sway
Let's sway, let's sway
Night, day, night, day
Night, day, night, day
You got me working night and day
Night, day, night, day
Night and day and night and day

I don't got no alibi,
I don't play no?
I like? no?
So please quit your jibber jabba
I just like a? with no?
Do I look like a rapper, do I look like a rapper?

Night, day, night, day
Night, day, night, day
You got me working night and day /3x
