

Houk, God Bless

music/lyrics - D. Malejonek

The eye is light of the body

If it's good you'll be full of light

But if your light is darkness

How that darkness could be great inside

chorus: God bless the ones who know what they want

God bless the ones who know what they need

God bless the people who love the truth...

The light has come into the world

But men love darkness instead of light

For fear that their deeds will be exposed

'cos they are evil sons of the night

chorus: God bless the ones who know what they want

God bless the ones who know what they need

God bless the people who love the truth...

Some people move into the darkness

Some people beg out for light

Some people die in desperation

Some people's life is only fright

chorus: God bless the ones who know what they want

God bless the ones who know what they need

God bless the people who love the truth...
