

HOW TO DESTROY ANGELS, How Long?

How long?
Always been here
It almost seems like yesterday
Hard to picture, it's the little things that slip away
Build with blisters
But they find a way to take a little bit
hey won't find us, if you believe in it

How long?
How long? Can we keep holding on
How long?
How long can we keep holding on?

A house on fire
Running all the past away
And what defines us well?
It's the little things that slip away
And if you're honest
What do you think will happen if
We stood before something
If you believe in it, keep believing it well

How long?
Run and sorrow with
How long? Find this all
Can we keep holding on
How long? We keep holding on and on
How long can we keep?, can we keep, can we keep holding on?
How long?
