

# Huey Lewis & The News, Better Be True

I don't mind you playing with my imagination  
I don't mind you talking about me and you  
I might think it's funny if you're fooling with my money  
But I don't like you saying things that just aren't true  
I don't mind discussing wisdom & youth  
And I don't mind you cussing if you're telling the truth  
You can joke about the weather on a lousy day  
But don't tell me that you're leaving if you're planning to stay

Well it don't have to be different it don't have to be true  
If you got something to tell me it better be true  
It don't have to be clever between me and you  
If it's gonna be forever it better be true

I don't mind rehearsing though I'd much rather play  
I don't mind conversing if you've got something to say  
A little exaggeration might be understood  
But lying to me darling just ain't no good.  
If you feel like telling me that you will never leave me  
Don't you dare deceive me cause that will never do

Well it don't have to be different it don't have to be true  
If you got something to tell me it better be true  
It don't have to be clever between me & you  
If it's gonna be forever it better be true
