

# Huey Lewis & The News, Let Her Go And Start Over

Trapped in a love for years  
And now I think I've found the real thing  
And when I think about your tears  
And all the joy that true love can bring  
What can I do? -- I gotta find a way to tell you  
What can I say? - 'cause I don't want to break your heart

Let her go and start over  
There ain't nothing that a you can do  
Let her go and start over  
Baby, it's up to you  
Let her go and start over  
There ain't nothing that a you can say  
Let her go and start over yea...

How can I tell you, baby?  
After all the good times we've seen?  
I know I gotta leave but maybe  
You think I'm trying to be mean  
What can I do? - Now I know I love another?  
What can I say? - It hurts you when I say I love her  
What can I do to be fair to me -- to be fair to you?

My friends tell me  
Let her go and start over  
There ain't nothing that a you can do  
Let her go and start over  
Baby, it's up to you  
Let her go and start over  
There ain't nothing that a you can say  
Let her go and start over yea...

And - What can I do? -- I gotta find a way to tell you  
What can I say? - 'cause I don't want to break your heart that way  
What can I do to be fair to me -- to be fair to you?

My friends tell me  
Let her go and start over  
There ain't nothing that I can do  
Let her go and start over  
Baby, it's up to you  
Let her go and start over  
There ain't nothing that a you can say  
Let her go and start over yea...  
Don't understand you anyway  
Let her go and start over

Let her go, Let her go, Let her go, Let her go and start over  
Let her go and start over  
There ain't nothing, There ain't nothing that you can do  
Let her go and start over  
Let her go, Let her go, Let her go, Let her go and start over  
Let her go and start over
