

Human Nature, Temperature Rising

Everybosa wants to feel better
When the pain just won't go away
But I can feel the temperature rising
There's a new day on the horizon
Can't you see I love you too much
Got a heart that won't let go
I can feel a change in the weather
Like the still before the storm
'Cause I can feel the temperature rising
There's a new day on the horizon
Can't you see I love you too much
Got a tear inside my soul
And I don't want to let you go
'Cause it's not the same without you here with me

Don't let go
(Memories are haunting me)
Don't let go
(Of the days we used to be)
Don't let go
(Nothing ever stays the same)
Don't let me go

Will we ever find the right answer?
Is there a reason to believe?
'Cause I can feel the temperature rising oh

Don't let go
(Memories are haunting me)
Don't let go
(Of the days we used to be)
Don't let go
(Nothing ever stays the same)
Don't let me go
Don't let me go

I can feel the temperature rise - rising up again
(Temperature rise)
I wanna feel the love in your eyes
Don't let it ever end
I can feel the temperature rise - rising up again
I wanna feel the love in your eyes
Don't let it ever end

Don't let go
Don't let me go

[Repeat to fade]
