

Hunter Hunted, Keep together

I don't care what you might say,
I'm gonna become the way.
I was meant to feel the world,
Oh, oh oh oh, oh oh oh.
So give yourself another try,
Compromise your own mind.
Leave me be and finally see all the reasons why, why.

We'll keep together and oh, make it better. /2x

So you see it's you and me and everybody in between.
Doesn't matter if we're green
Oh, oh oh oh, oh oh oh.
Strainin out the body we're sending for the starting gate.
This day might turn okay, it will be okay, oh okay.

We'll keep together and oh, make it better. /2x
