

# Hurt, Just A Thought

I swore it'd never happen again  
but it did and I think  
that doing something different  
you'da done the same  
it's so very sad that things haven't changed  
And I counted all the times I been crushed  
Could I hate you more?  
But, I hate myself so much  
(The tidal???) flow won't hide these cuts  
God, I miss you so much

And I...  
I think it's wrong  
the way you left  
now I'm alone

Oh, and I...  
I think it's wrong  
the way you left  
I'm alone

-Ooo ooo ooo-  
I swore it'd never happen this way  
-Ooo ooo ooo-  
but it did, and I think that if you'd done something different  
-Ooo ooo ooo-  
I'd have done the same  
-Ooo ooo ooo-  
It's so very sad that things haven't changed  
-Ooo ooo ooo-  
and I counted all the times I've been touched  
-Ahh ahh ahh-  
could I hate you more?  
-ahh ahh ahh-  
I hate myself so much...  
-ahh ahh ahh-  
If the chemicals won't hide these cuts  
-Ooo ooo ooo ooo ooo ooo-  
And I miss you so much

And, I...  
I think it's wrong  
the way you left  
And I'm alone

Oh, and I...  
I think it's wrong  
the way you left  
and I'm alone

Oh, I...  
I could be done  
if I have you, I'd do it for you

And, still I...  
I think it's wrong  
the way you left  
me alone

Oh, I...  
I think it's wonderful  
the way you left  
me alone
