Hurts, Blind

Since the day I left you
I hear your voice in every sound
Since the day I left you
I see your face in every crowd
It won't go away!
But every time I feel you're near
I close my eyes and touch you slow
Cause now the only thing I feel
Is seeing you better off alone
Yeah!

Cut out my eyes
And leave me blind
Cut out my eyes
And leave me blind

If you walk away from me
I can't hold my head up high
So if you see me on the streets
Turn away or walk on by
Cause after the beauty we've destroyed
I'm cascading through the void
I know in time my heart will mend
I don't care if I never see again
Yeah!

Cut out my eyes
And leave me blind
Cut out my eyes
And leave me blind

But I told you
After all we've been through
I don't wanna be by myself!
And I told you
That it would tear me in two
If I see you with someone else
Oooo!

Cut out my eyes
And leave me blind
Cut out my eyes
And leave me blind

Cut out my eyes
And leave me blind
