

Hurts, Some Kind of Heaven

I am ready for the rapture
I am reaching for the light
But my heart screams hallelujah
When I hear your battle cry

I know we're so young
But I swear you're the one for me
I knew it right from the start

You're some kind of heaven
That's all that I need
I found it in you
I found it in you
You're some kind of heaven
That's all that I need
I found it in you
Too good to be true
You've got me singing baby

I don't need a god to tell me that I'm wrong
I don't need hell to make me scared of love
I don't need a symphony to sing my song
'Cause there's a choir of angels deep inside my lungs
And I can hear them sing

Can you hear them sing?
I knew it right from the start

You're some kind of heaven
That's all that I need
I found it in you
I found it in you
You're some kind of heaven
That's all that I need
I found it in you
Too good to be true
You've got me singing baby

You've got me singing baby

I know when we're together
My setting sun will shine
Let's spend this night together
Let me make you mine

I know when we're together
My setting sun will shine
Let's spend this night together
Let me make you mine

It's some kind of, it's some kind of, it's some kind of
It's some kind of heaven
I knew it right from the start

You're some kind of heaven
That's all that I need
I found it in you
I found it in you
You're some kind of heaven
That's all that I need
I found it in you
Too good to be true
You've got me singing baby

My love, oh my love
My love

Some kind of heaven
It's some kind of, it's some kind of, it's some kind of
It's some kind of heaven
