

# Hypocrisy, A Public Puppet

Yeah.

I taste it. I need it.

How many ??? and I won't be part of it

I'd rather sold myself; be part of the dream

Pissing away life. I'm just getting older

My life is over

??? I'm gonna do

A public puppet. Just pull my string.

You say, 'Jump!' I say, 'How high?'

I live it. I breathe it.

It's my god and I get hungry without.

I taste it. I see it.

A public puppet is what I am.

One of you fuckheads could play my shit

I don't know when my body's calling it quits

I live it. I breathe it.

It's my god and I get hungry without.

I taste it. I see it.

A public puppet is what I am.

Trying to be afloat. Try to think of a ???

I have to do something just to stay alive

Tired of feeling alone trying to reach a goal

Destruction. I don't want no more

I live it. I breathe it.

It's my god and I get hungry without.

I taste it. I see it.

A public puppet is what I am.
