

iann dior, Live Fast Die Numb

Feelin' like a wreck, finna' to jump
Ain't stressin' no more (Jump) x2 (Jumping)
Hate me but you hurt me
So I say that I don't love you no more (Sad) x2 (Let down)

Higher, I am laying in the clouds where I like to be
I know you're mad, but only at yourself
Cause it wasn't me

You keep loving yourself (Keep loving yourself)
Cause you never could love somebody else

Live fast, stay numb, is all I ever wanted to be
Sharp teeth, sharp tongue, is the only way you're treating me
I'm wasted, Im drinking, I'm blacking out
This road that I'm taking, no backing down
Live fast, stay numb, is all I ever wanted to be

I hate to love you now, I hate the feeling I get when you come around
It's funny that you thought that you could really hold me down
Say you love me, then you turned my world upside down
The only person that can hold me is me

I bet you hate it now
Even though you really thought you had me figured out
It turns out that I've been better off alone, without ya
Oh, I've been better off alone

You keep loving yourself (Keep loving yourself)
Cause you never could love somebody else
I keep hating my self (Keep hating myself)
Cause I never could love somebody else

Live fast, stay numb, is all I ever wanted to be
Sharp teeth, sharp tongue, is the only way you're treating me
I'm wasted, Im drinking, I'm blacking out
This road that I'm taking, no backing down
Live fast, stay numb, is all I ever wanted to be

Ohhhh, it's all I ever wanted to be
Ohhhh, it's Thats all I ever wanted to be
Live fast, stay numb, is all I ever wanted to be
