====English====

&lt;/lyrics&gt;

Oh shimmering crimson wings, now, now soar  
I am Shin Ryuukooh (True Dragon-Tiger King) the invincible Chokijin (Super Mechanoid)  
Haven received life from the azure dragon racing across the sky I fight

(Greed-Demon Submission!)

In the name of the Dragon God, the azure warrior in the sky  
Dragon-King Rage-Scale, protect this planet until the end  
Wrapping lighting around myself, launching scorching hellfire  
With the power of the Four Gods now burn them all away  
The new Ryuukooh, we are unrivaled

Tear them apart with my great claws, now now, those demons  
I am Shin Koryuuh (True Tiger-Dragon King) the invincible Chokijin  
Race across the earth oh white tiger, with my life on the line I fight

(Blade-God Earth-Shell Sword!)

The adrenaline driven howl that resonates across the battlefield  
All-Things-in-Nature, protect this planet until the end  
Raising my ultimate sword to the encroaching terror  
With the power of the Four Gods now cut down evil  
The new Koryuuh, we are unrivaled

The spirits of the heavens and the earth fight for tomorrow

(Ascent of the Dragon and Tiger!)

With these shimmering scales, these tiger's fangs wrapped in flame  
Dragon and Tiger combination, protect this planet until the end  
For the sake of all living things in this universe, strike down all demons  
With the power of the Four Gods I now crush my enemies  
The new Super Robot, we are unrivaled
