

Icona Pop, Get Lost

I woke up this morning
Blurry eye
I've been working so hard staying alive
Well, I don't need this shit
No I won't be long
Before I take that money
Money and run
I'm gonna take that money, money and run

Let's get lost
Drive all night
Leave this whole
Fucked up world behind
Let's get lost
Drive all night
Leave this whole
Fucked up world behind

I woke up this morning
So destroyed
I've been down in my luck
Just feeling a void
Well, I don't need this shit
No I won't belong
Before I take that money
Money and run
I'm gonna take that money, money and run

Let's get lost
Drive all night
Leave this whole
Fucked up world behind
Let's get lost
Drive all night
Leave this whole
Fucked up world behind

Let's get lost
Drive all night
Leave this whole
Fucked up world behind
Let's get lost
Drive all night
Leave this whole
Fucked up world behind
