

# Icona Pop, Get Lost

I woke up this morning  
Blurry eye  
I've been working so hard staying alive  
Well, I don't need this shit  
No I won't be long  
Before I take that money  
Money and run  
I'm gonna take that money, money and run

Let's get lost  
Drive all night  
Leave this whole  
Fucked up world behind  
Let's get lost  
Drive all night  
Leave this whole  
Fucked up world behind

I woke up this morning  
So destroyed  
I've been down in my luck  
Just feeling a void  
Well, I don't need this shit  
No I won't belong  
Before I take that money  
Money and run  
I'm gonna take that money, money and run

Let's get lost  
Drive all night  
Leave this whole  
Fucked up world behind  
Let's get lost  
Drive all night  
Leave this whole  
Fucked up world behind

Let's get lost  
Drive all night  
Leave this whole  
Fucked up world behind  
Let's get lost  
Drive all night  
Leave this whole  
Fucked up world behind
