

Ifi Ude, LOVE IS STRONGER

..
I will give you my freedom
give me your hands

..
I will give you my freedom
..

and our love is stronger than the flood
bigger than the mountain
deeper than the darkest sea
and our love is stronger than the flood
bigger than the mountain
deeper than the darkest sea

your soul is like a pure light
hide in the darkness
with you I'm not afraid of surprise
our future life will bring
future will bring for me
future will bring for me

actual ...
...

'cause
and our love is stronger than the flood
bigger than the mountain
deeper than the darkest sea
and our love is stronger than the flood
bigger than the mountain
deeper than the darkest sea
and our love is stronger than the flood
bigger than the mountain
deeper than the darkest sea
and our love is stronger than the flood
bigger than the mountain
deeper than the darkest sea
