

Iggy Pop, Let's Boot And Rally (feat. Bethany Cosentino)

Oh, my my what have we done?
Guess we had a little too much fun
But what comes down, goes up again
Don't you worry about me my friend
I'll boot and rally, boot and rally, boot and rally, boot and rally /2x

The resist only made a mess of you (ohhh!)
You wrecked your car and you cracked your tooth (ohhh!)

Come and sing our sewer song
Whether we get loud and we get strong
Boot and rally, boot and rally, boot and rally, boot and rally /2x

Ah, boot and rally, boot and rally
Ah, boot and rally, boot and rally

[Bethany Cosentino:]
Brother my brother, my oldest friend
?ull yourself back up again

Don't you be no graveyard man
Time to finish what you began
Boot and rally, boot and rally, boot and rally, boot and rally /5x
