

Iggy Pop, Pain And Suffering

Pain and suffering
Red wine turns to blood
A power floats
Upside down in a river of mud
A skull of a goat
Makes love to you
You're my doll
A pet who meows
And blood and hate
The blood that's everywhere

Suffering, i am terminating this world
I'm your father now
No more shelter, no more fun
Human race, you're going to writhe now
Heh heh heh heh
I am angry
A tall building fell on daddy

Pain and suffering
I am destruction
I am angry
I am total
(growl)

Pain and suffering
The pain, the pain
No birds are singing
Here comes armageddon

No more shelter
No more fun
Human race
I've got you
