

Igo, Better be alive

My chicks are burning gold
Since I saw your face
I'm free like I was back then
I need the one and only
It's you I want you
I've been dancing with the wrong ladies all night

I think you're better with me
Can't get any stronger than this
Yeah burning desire in me
Burns me alive
Burns me alive now..

I think you're better with me
Can't get any stronger than this
Yeah burning desire in me
Burns me alive
Burns me alive now..

Stay please, I love you
