

III Nino, 2012

We're coming back again
This time to let you know
I don't care where you've been
'Cause I'm all ears
Ponte en mi lugar
Tanto que tapar
Dejame que estoy
De tan mal umor
You keep rushing the days
To find that we haven't the time

This year
All that I ever hear
Somehow in 20 years
We'll disappear
It's so clear
All that I overhear
Somehow in 20 years
We'll disappear

Absent from all the fears
And I constantly let it go
Silently keep me here
While you scream these words
Pero mueve pa'tras
Quitate el disfras
Eleva tu voz
Y grita por dos
You keep rushing the days
Just to find that we haven't the time

This year
All that I ever hear
Somehow in 20 years
We'll disappear (we'll disappear)
It's so clear
All that I overhear
Somehow in 20 years
We'll disappear

We are living sin
Seems to be
We don't exist
2300 years and
No one cares

You keep rushing the days just to find that we haven't the time

This year
All that I ever hear
Somehow in 20 years
We'll disappear (we will disappear)
It's so clear
All that I overhear
Somehow in 20 years
We'll disappear (we will disappear)

We're coming back again
This time I'll let you know
That somehow in 20 years
We'll disappear
