Ima Robot, Dangerous Life

Say, can't you see?
The outside is a lie
Come inside - We can hide
Out of reach

And back out the day
We invite you to die
Out of time, out of mind
Trez cool!

(Pre/post chorus)
We're changing
Rearranging
Love with strangers
SUCH A DANGEROUS LIFE!

(Chorus)
If you wanna die
From all the lies
Then say goodbye
Come on, let's go!
For a little ride!
We'd love to help you lose your mind!
Come on let's go!

Post chorus

Say that it's a dream
Tell me I am not involved,
Take my name up off the wall

And I won't scream
'cause tonight this is our world
Forget the war and what it's for
Just shut the door
and lose the key
