

Imagine Dragons, Battle Cry (ft. Steve Jablonsky,

Just one more time before I go
I'll let you know
That all this time I've been afraid
Wouldn't let it show
Nobody can save me now, no
Nobody can save me now

Stars are only visible in the darkness
Fear is ever-changing and evolving
And I, I feel poisoned inside
And I, I feel so alive

Nobody can save me now
The king is crowned
It's do or die
Nobody can save me now
The only sound
Is the battle cry
Is the battle cry
Is the battle cry
Nobody can save me now
It's do or die

Nobody can save me now
The king is crowned
It's do or die
Nobody can save me now
The only sound
Is the battle cry
Is the battle cry
Is the battle cry
Nobody can save me now
It's do or die

Just one more time before I go
I'll let you know
That all this time I've been afraid,
Wouldn't let it show
Nobody can save me now, no
Nobody can save me now
