

Imagine Dragons, Ferris Wheel

He's never gonna treat you right, I'm sure
He's never gonna kiss you like he should
He's never gonna tuck you in at night
You've always been afraid to settle down
And I don't even blame you 'cause look how
These boys are now

Promise that I'll make you feel
Like we're on a Ferris Wheel
We're always young and innocent
I promise you when things get hard
Our love will be strong enough
I know we'll last, I'm confident

I don't mean to speak in fairy tales
But we have had some heaven and some hell
And I can only speak for myself
And I'm speechless
You've always been afraid to claim this town
And I don't even blame you 'cause look how
These boys are now

Promise that I'll make you feel
Like we're on a Ferris Wheel
We're always young and innocent
I promise you when things get hard
Our love will be strong enough
I know we'll last, I'm confident

'Cause when birds fly south, it's a beautiful thing
Buy a big white house and a diamond ring
Leave it all behind, leave it all behind
'Cause when birds fly south, it's a beautiful thing
Buy a big white house and a diamond ring
Leave it all behind, leave it all behind

Promise that I'll make you feel
Like we're on a Ferris Wheel
We're always young and innocent
I promise you when things get hard
Our love will be strong enough
I know we'll last, I'm confident

I know we'll last, I'm confident
