

# Imagine Dragons, Next To Me

something about the way that you walked into my living room  
casually and confident looking at the mess I am  
but still you  
still you want me  
stress lines and cigarettes  
politics and defects  
late bills and overages  
screaming and hollering  
but still you  
still you want me

I always let you down  
you're shattered on the ground  
but stil I find you there  
next to me  
and stupid things I do  
I;m far from good  
it's true  
but still I find you  
next to me

there;s something about the way you always see the pretty view  
overlook the blooded mess  
always looking effortless  
and still you  
still you want me  
I got no innocence  
faith ain't privilege  
I am a deck of cards  
vice or a game of hearts  
and still you  
still you want me

I always let you down  
you're shattered on the ground  
but stil I find you there  
next to me  
and stupid things I do  
I;m far from good  
it's true  
but still I find you  
next to me
