

# Imagine Dragons, Sirens

Fall right down to the bottom  
Boy with a motto  
Stay but I oughta leave and  
Trust me, my heart bleeds  
I feel everything, I-  
Drip, drop, drink out of the bottle  
Boy with a heart of gold  
Get run over by heaven knows what  
Weary solider, I get older  
Life gets colder

Sometimes I get a little bit scared at night  
I get a little preoccupied  
The sirens in my mind  
The sirens in my mind  
I just wanna be good again  
I wanna make it to the end  
The sirens in my mind  
The sirens in my mind

Autumn, stuck in the grotto  
Been trying for the lottery but never win  
My heart bleeds  
I feel everything, I-  
Drop, drop way down to the bottom  
Boy with a heart of gold  
Get run over by heaven knows what  
Weary solider, I get older  
Life gets colder

Sometimes I get a little bit scared at night  
I get a little preoccupied  
The sirens in my mind  
The sirens in my mind  
I just wanna be good again  
I wanna make it to the end  
The sirens in my mind  
The sirens in my mind

(Oh, sirens in my mind, the sirens in my mind)  
Sirens, sirens  
Sirens, sirens  
Sirens in my mind
