

# Imagine Dragons, Underdog

Early morning take me over  
Father, father, father  
Take me to the top  
Early morning wake me up  
Father, father, father  
This is not enough

Hey, that sounds like my luck  
I get the short end of it  
Oh I love to be  
I love to be the underdog  
Hey, that sounds like my luck  
I get the short end of it  
Oh I love to be  
I love to be the underdog

Early evening settle down  
Father, father, father  
Who am I to blame?  
Early evening hush me over  
Father, father, father  
Are we just the same?

Hey, that sounds like my luck  
I get the short end of it  
Oh I love to be  
I love to be the underdog  
Hey, that sounds like my luck  
I get the short end of it  
Oh I love to be  
I love to be the underdog

Living the low life  
Low life...  
Living the low life

Hey, that sounds like my luck  
I get the short end of it  
Oh I love to be  
I love to be the underdog  
Hey, that sounds like my luck  
I get the short end of it  
Oh I love to be  
I love to be the underdog
